Board of Directors
Fifth Avenue Securities, Inc.
Buena Park, California 90620

I have audited the accompanying statement of financial condition of Fifth Avenue Securities, Inc., as of December 31, 2004 and related statements of income, cash flows, and changes in stockholders' equity for the year then ended. These financial statements are being filed pursuant to Rule 17a-5 of the Securities Exchange Act of 1934 and include the supplemental schedule of the net capital computation required by Rule 15c3-1. These financial statements are the responsibility of Fifth Avenue Securities, Inc.'s managements. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Fifth Avenue Securities, Inc. as of December 31, 2004 and the results of its operations, cash flows and stockholder's equity for the year then in conformity with accounting principles generally accepted in the United States of America.

STATEMENT OF INTERNAL CONTROL

Board of Directors
Fifth Avenue Securities, Inc.
Buena Park, California 90620

I have audited and reported thereon under date of February 7, 2005 the financial statements of Fifth Avenue Securities, Inc. As part of my audit I reviewed and tested the Respondent's systems of internal control, including the accounting system and procedures for safeguarding assets for the year ended December 31, 2004 to the extent I considered necessary to evaluate as required by generally accepted auditing standards.

The objectives of internal control is to provide reasonable but not absolute assurance as to the safeguarding of assets against loss and reliability of financial records for preparing financial statements and maintaining accountability of assets. The concept of reasonable assurance recognizes that the cost should not exceed the benefits derived and also recognizes that the evaluation of these factors requires estimates and judgments by management.

These are inherent limitations that should be recognized in considering the effectiveness of any system of internal control. Errors can result from misunderstanding, mistakes of judgment, carelessness or other personal factors. Segregation of duties can be circumvented by management. Projection on any evaluation of internal control to future periods is subject to the risk that current procedures may become inadequate because of changing conditions and the degree of compliance with procedure could deteriorate.

My study and evaluation of the Respondent's system for internal control including the accounting system, and procedures for safe guarding assets for the year ended December 31, 2004 was made for the purpose set forth in the first paragraph above and, would not necessarily disclose all inadequacies in the system. However, such study and evaluation disclosed no conditions that I believe to be material inadequacies and accordingly a letter of material inadequacies will not be issued.
